ACTIOS prayer letter, June 2023

Dear ACTIOS prayer supporters,

Thanks for your continued support and prayer for the work of ACTIOS and for our schools workerJen. The work of ACTIOS continues to grow, Jen is in high demand and we're still in the process of looking for another worker to help. Please pray that we find the right person and we can give Jen the support she needs.

Also a big thank you to everyone that was able to attend the ACTIOS Quiz in April. We had great fun (thanks to our quiz master Simon), reminding people about the work of ACTIOS and raising £315 which will help with the running of ACTIOS... our Chair also managed to win the wooden spoon! Well done David!

Prayer and praise points from Jen:

Jen was able to attend the Scripture Union retreat in Manchester this year (pictured) for a chance to network and spiritually recharge with other SU leaders.

- Thanks to God for networking with so many people at the Scripture Union conference and Lifepath Bunyan events last month.
- Praise God for openings and conversations with secondary schools in order to better support Y6 transitions for this half-term.
- Thanks to God for all the connections between individuals, organisations, and the community we are building for His glory.

I would really appreciate prayer for the following:

- Pray for the transition assemblies and preparations that all schools will be undergoing this half-term, and for the children and staff to have opportunities to hear the Gospel.
- Pray for me that I will keep the content simple, that I would trust in the Lord for guidance in what to say, and convey what of the Gospel the Lord wants me to say.
- Pray that the newly formed ideas of last month will take shape this half-term: a partnership with Good News For Everyone, new schools opening their doors, working together to best support children and young people, all the youth cafes, youth clubs, holiday clubs and all the opportunities for young people to explore Jesus further for themselves.

Love in Christ
The ACTIOS team
